Guidance notes for completing the form

Always complete the form in **CAPITAL letters** using a ball point pen; it is essential the information sent to the receiving bank is clear and correct otherwise the payment may be returned.

1 The services available to you are:

- **express** - quickest way of sending payments abroad including Euro (payment will arrive the same day or will take up to 3 Business Days depending on currency)
- **standard** - convenient for sending non-euro payments abroad (payment will take 3 Business Days to arrive in the case of a non-euro EEA currency where the beneficiary's account is also in the EEA or 3-5 Business Days to arrive in the case of a non-EEA currency including, for example, US dollars)

Although we'll make sure money leaves your account promptly, delays can occur at the beneficiary's bank which are out of our control. Consequently, the times shown above are indicative for delivery to the foreign bank only. The payment could take longer to reach the beneficiary.

2 Please add your corporate office and relationship manager if known. This helps if we have any queries.

3 We will send the payment amount in the currency you require. You can either:

- send your payment as a **currency** amount e.g. 5,000 euros,
- send a sterling **equivalent in a currency** e.g. £2,500 pounds worth of euros (we will work out the exact amount of euros using the relevant exchange rate), or
- send a **sterling** amount e.g. £2,500.

We recommend that payments are sent in the currency of the destination country.

Payments sent in sterling or in a currency that is not the destination country's currency (e.g. sending US dollars to France) may be delayed and have extra charges.

Please make sure you specify the currency and amount in words and figures; this helps us confirm your payment amount.

In any case where the payment involves a foreign currency exchange, the Bank will apply the relevant exchange rate for the time being in force. The current exchange rate is available by telephoning the Payments Helpdesk on 0870 850 0871. Rates of exchange in respect of transactions for the equivalent of £25,000 or above may be agreed on a transaction by transaction basis by calling the Payments Helpdesk or by using Corporate Online at www.lloydsbankcommercial.com/online-services. Please note that the current limit of £25,000 is subject to variation at any time at our sole discretion.

4 Receiving customer (beneficiary) details are essential to make sure the payment reaches its destination. Always check this information with the receiving customer before filling in this form, and use CAPITAL letters. Here are some additional notes to make sure your payment is received without delay:

- Receiving customer's name - some banks abroad need the full name as it is shown on the bank account.
- An **IBAN** (International Bank Account Number) is essential for payments to make sure your money reaches the correct account without additional charges, especially euro payments. IBANs usually consist of letters and numbers; there are a few examples below to help you.
- **BIC's** (Bank Identifier Code), SWIFT codes and National Clearing Codes (e.g. ABA codes) are global methods of identifying banks depending on the country it is going to.
- For payments to Australia or America, please make sure you quote the state within the bank details.
- If you want to quote a reference (e.g. invoice number), or have any special bank routing details please write these clearly in the 'Additional Payment information' box.

For payments that do not contain a BIC and/or IBAN may be returned by the receiving bank (Beneficiary Bank) and/or incur an additional fee.

In some countries, the use of BIC and/or IBAN is mandatory and payments will be rejected if the information is not included and could incur fees.

*For a list of mandatory countries that require BIC and/or IBAN please visit:

www.lloydsbankcommercial.com/corporate-terms/bankofscotland/newbankofscotlandterms

If the Bank acts upon beneficiary details provided by you but the details are found not to have been correct the Bank will not be liable for any loss, damage or expense whatsoever incurred as a consequence thereof. If the Bank is notified promptly of any incorrect details the Bank will make reasonable efforts to recover the funds and shall be entitled to make a charge for such activity.

IBAN examples:

Example's of some IBANs. As you can see they may vary on length and a mixture of letters and numbers. When filling in the form, you may not use all the available boxes in Section 4:

- Austria AT611904300234573201
- France FR1420041010050500013M02606
- Germany DE89370400440532013000
- Ireland IE29AIBK93115212345678
- UAE AE070221230567890123456

An IBAN printed on an invoice is likely to be prefixed with the word IBAN e.g. IBAN AT61 1904 3002 3457 3201. The word IBAN and the spaces are not needed on the form.

5 Charges can be paid in three ways. Usually the 'split' option is selected, you will pay our charges, and your receiving customer will pay their bank's charges. The other two methods are:

- receiving customer to pay all, but they will receive less than you have shown in Section 3, or
- you to pay all, but further charges may need to be taken from your account after the payment has been sent. Please contact your corporate team for details.

In compliance with the Payment Services Regulations 2009, all domestic and cross border payments made within the European Economic Area in euro or in the currency of a state of the European Economic Area that has not adopted the euro as its currency which do not involve a currency conversion must be remitted on the basis that the payer pays any charges levied by its payment service provider and the beneficiary pays any charges levied by its payment service provider. Accordingly, the 'split' option **must** be selected for those types of payments.

6 You only need to complete this section if you have already agreed an exchange rate, if you need to book a rate (for payments of £25,000 and above), if you want to specify a value date, or if you are using a 'forward contract'. If you need further clarification, please call your usual international contact.

7 Please read the general terms below and sign and date the form in accordance with your account instructions held by us.

Options are available to you to choose how you want your payment to be processed. If you do not want to choose, or in the case of incomplete information, we will process your payment as Standard, in accordance with the standard tariff. In such a case, the charges will be split and the payment will be made to the receiving customer's account.

(h) You agree that the exclusions and limitations as set out in these general terms and conditions are reasonable having regard to all the circumstances and the levels of risk in relation to the Bank's obligations under these general terms and conditions.

(i) Nothing in these general terms and conditions shall be deemed to exclude or limit the Bank's liability which is not permissible under applicable law including liability for death or personal injury caused by the Bank's negligence or for fraud or fraudulent misrepresentation or under the Financial Services and Markets Act 2000 or any associated regulations.
